

Activities Permitted On Ravinia Woods Unit

Hunting:

Game species include Whitetail deer, ruffed grouse, turkey, squirrel, fox, and raccoon. A valid hunting license is required. Hikers are advised to wear hunter orange or other bright clothing while on trails during hunting season.

Firearms, including handguns, are permitted in the forest when used according to hunting regulations. They may not be used for target shooting, in safety zones, or within 200 feet of recreation areas.

Wildlife Viewing:

Several species of wildlife are common on the property. In addition to those listed above, Henslow's Sparrow, several species of Warblers, hawks, owls, quail and various shorebirds.

This property was acquired by use of The Indiana Department of Transportation's Crossroads 2000 fund.

Hiking:

Many miles of firetrails may be hiked. Off-road vehicles, horses, mountain bikes or other bicycles are not permitted on fire lanes or trails. Hikers are advised to wear hunter orange or other bright clothing while on trails during hunting season.

Fishing:

Opportunities are limited but 4 small ponds and a small stream exist in the area.

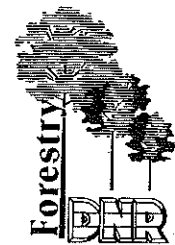

Gathering:

As with other forest properties, berries, fruit, nuts, fallen cones, and mushrooms may be collected.

Welcome to Yellowwood/ Morgan-Monroe State Forests!

These two southern Indiana forests encompass 50,245 acres of rolling hills in Morgan, Monroe and Brown Counties. All your state forests are managed under a policy of multiple use in order to obtain benefits of recreation, forest products, watershed protection, wildlife habitat and aesthetics. The growth and harvest of timber is planned to be compatible with ecosystem management, and to retain the many benefits that forests naturally provide.

The majority of land that now makes up the state forests was purchased by the state of Indiana in the 1920s and 1930s. The Heritage Trust program, using funds from the sale of environmental license plates, has made possible the acquisition of additional state forest land.

Division of Forestry Mission:

To promote and practice good forest stewardship on Indiana's public and private lands. This stewardship produces continuing benefits, both tangible and intangible, for present and future generations.

For more information on Yellowwood/Morgan-Monroe State Forest see the property map or go online to www.dnr.IN.gov
